

INNOVATION IN FREIGHT CONFERENCE

INVITATION AND AGENDA

Date: 18th June 2019

Venue:

Hotel Novotel Muenchen City
Hochstraße 11, 81669 München,
Germany

Organiser: University of Newcastle

Cristian Ulianov

cristian.ulianov@newcastle.ac.uk

+44 (0) 191 208 3971

Organiser: Trafikverket

Jan Bergstrand

Jan.bergstrand@trafikverket.se

+46 (0) 70 7453265

The Innovation in Freight Conference will take place on **18 June 2019 in Munich**, and will cluster the results of seven projects (ARCC, FR8RAIL, FR8HUB, SMART, FFL4E, M2O, INNOWAG) running under Shift2Rail's freight innovation programme, known as IP5. A wide spectrum of freight-related topics will be covered, ranging from new locomotive designs, longer and heavier trains, real time management of main lines and yards, intelligent freight wagon concepts, and automation and digitalisation of terminals to name but a few.

For four of the projects coming to a close, the conference will represent their final dissemination event (INNOWAG, SMART, FR8RAIL and FFL4E). All projects have a common vision aiming at increasing the performance of the rail freight system by bringing value to customers, operators, the environment and society.

Participants of the Innovation in Freight Conference will also get a discounted entry to the **SmartRail 2019 conference**, taking place during the same period in Munich (25% discount for industry representatives, and 40% discount for government and academic participants). Use the codes **S2RIP5 – 25% discount for industry** or **S2RIP5-GA – 40% for Government / Academia**.

The number of places available at the Innovation in Freight Conference are limited. **To register for the conference, please email malcolm.lundgren@trafikverket.se.**

TUESDAY, 18TH JUNE 2019

9:00 – 9:30	Welcome, coffee and registration	All
9:30 – 9:40	Opening and approval of agenda	TRV
